**The following emergency plan has been taken right from the handbook, please review and sign that you understand and agree with the emergency policy.**

## **Medical**

In case of a medical emergency, a qualified staff member will attend to first aid as needed. Another staff member would notify the family of the child. Attempts will be made to consult with the child's physician/dentist. If neither is available, the program's medical consultants will be contacted. For extreme emergencies, 911 will be called. An ambulance will take the child and a staff member to the nearest hospital. The child's emergency permission form will be brought with them. Another staff member will notify the family or alternate pick-up person to meet the child at the emergency room. Additional staff will be called in if necessary to maintain required ratios at the center.

## **Fire**

In the event of a fire, evacuation from the building will be through the closest fire exit. Staff will be responsible for supervising the children under their care and leading them to the fire exit. The attendance book will be taken on the way out. The group will walk to the yard of the building next door, safely away from the building and line up for attendance. The staff will immediately take attendance. The Director or person in charge will be responsible for taking the sign-in and out sheets, portable first aid kit, cell phone and emergency file with them. Should it not be possible to return to the building, staff will walk children to the building next door. Parents will be notified via the cell phone to pick up their children.

There will be monthly fire drills, as well, so staff and children are prepared if there ever was a real fire emergency.

## **Weather**

On snow days or during hazardous weather emergencies The Smart Start will loosely follow the public school closing, delay or early dismissal schedule. Parents will be notified via radio, television announcements, or telephone by program staff to pick up their children due to early closing. Ratios will be maintained at all times and two staff will remain until all children are picked up. In the event conditions require the center to shelter children, we will have additional resources (flashlights, water, radio, food, clothing, etc.) available. In the event of other serious weather emergencies, such as tornadoes or hurricanes, staff and children will remain indoors away from windows and doors. First aid staff will be on hand to administer first aid, as needed, until emergency personnel can arrive. Parents will be notified after the immediate danger has passed.

## **Evacuation**

In the event the facility must evacuate, the children will be driven to the nearest designated evacuation area, Quinnipiac University. Advanced contact has been made with the town's Civil Preparedness Unit, adding the center to their list for emergencies. Notes will be posted to alert parents of the location of the children. Parents will also be notified by cell phone to pick up their
